

# NOTICE OF COMMUNITY INFORMATION CENTRE #2

## By Henvey Inlet Wind LP for the Henvey Inlet Wind Energy Centre

**Name:** Henvey Inlet Wind Energy Centre

**Location:** Henvey Inlet Reserve No. 2, Ontario

**Description:** Nigig Power Corporation (Nigig) received a Feed-in-Tariff (FIT) Contract from the Ontario Power Authority (OPA) in 2011 for a 300 megawatt (MW) wind energy centre. Henvey Inlet Wind LP (HIW), a limited partnership between Pattern Renewable Holdings Canada ULC and Nigig Power Corporation, is proposing to develop the 300 MW Henvey Inlet Wind Energy Centre (HIWEC), which will be connected to the Ontario grid by a transmission line with a voltage of up to 500 kilovolts (kV).

Henvey Inlet First Nation (HIFN) has legal authority to address the environmental assessment (EA) of activities on its Reserve lands. It has an approved Land Code that applies to HIFN Band Council decision-making on EA and the HIWEC. An EA must be completed and be deemed acceptable to HIFN Council before Council makes any decision that would allow the HIWEC to proceed to construction or operation. HIFN Council will be engaging the HIFN community directly about its decision-making on the EA and the HIWEC.

**The purpose of this notice is to invite you to the second community meeting and advise you of the Interim Draft EA documents that are available for review and comment.**

### Invitation to Community Information Centre (CIC) #2:

HIW is hosting the second CIC on-Reserve for members of HIFN. The purpose of this event is to provide an opportunity to review and provide comments on the studies and investigations that have been conducted to date for the HIWEC. The meeting will include dinner at 6:00 p.m. and presentations at 5:15 p.m. and 6:15 p.m. The same information will be shared at both presentations.

**Date:**..... Sunday, July 26, 2015

**Location:** ..... Henvey Inlet First Nation – Fire Hall

**Time (including presentations and dinner):** ..... 5:00 p.m. to 7:00 p.m.

### Interim Draft Reports Available for Review and Comment:

Interim Drafts for the HIWEC EA and Transmission Line Environmental Review Report which include a description of the undertakings, baseline studies, and preliminary environmental effects and mitigation for the HIWEC will be made available on the HIW website: [www.henveyinletwind.com](http://www.henveyinletwind.com). We encourage all HIFN band members to provide comment on these documents - your feedback is important to us and will be considered as part of the assessment processes. The deadline for comments on the Interim Drafts is August 8, 2015.

### HIW Contacts and Further Information:

We are committed to engaging HIFN Council and the Community throughout the development process. We encourage anyone who is interested to get in touch with us at any time with questions, comments or concerns. If you are unable to attend the CIC and would like further information, please contact:

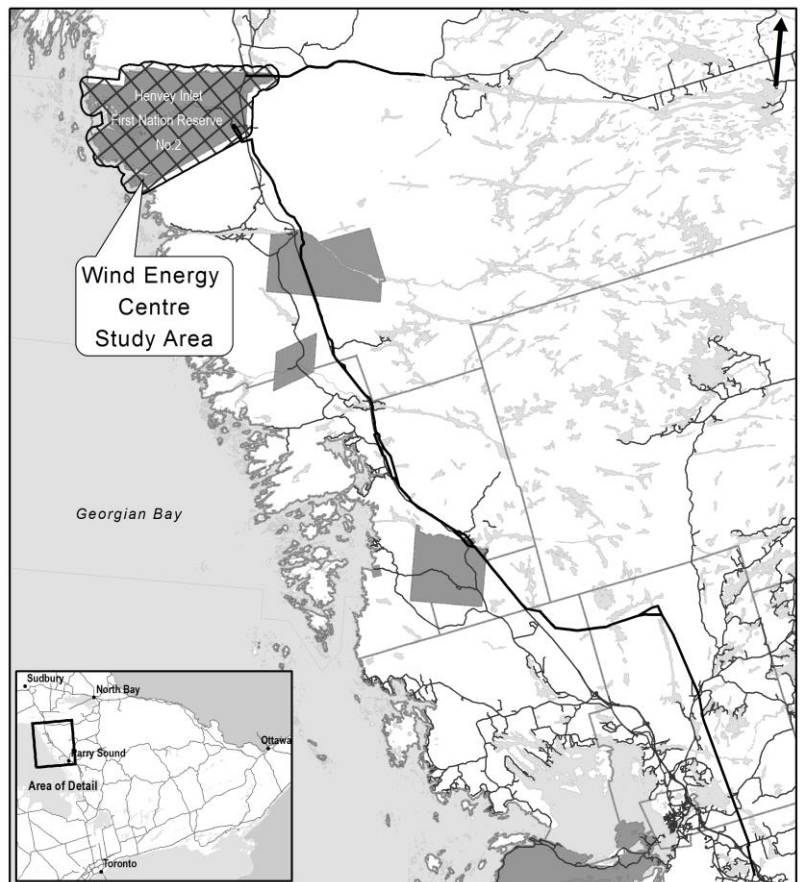

**Ken Noble**, Project Developer *and/or*
