

NOTICE OF COMMENCEMENT OF ENVIRONMENTAL ASSESSMENT AND COMMUNITY INFORMATION CENTRE #1

By Henvey Inlet Wind LP for the Henvey Inlet Wind Energy Centre

Name: Henvey Inlet Wind Energy Centre

Location: Henvey Inlet Indian Reserve No. 2, Ontario

Description:

Nigig Power Corporation ("Nigig") received a Feed-in-Tariff ("FIT") Contract from the Ontario Power Authority ("OPA") in 2011 for a 300 megawatt ("MW") wind energy centre. Henvey Inlet Wind LP ("HIW"), a limited partnership between Pattern Renewable Holdings Canada ULC and Nigig Power Corporation, is proposing to develop the 300 MW Henvey Inlet Wind Energy Centre ("HIWEC"), which will be connected to the Ontario grid by a transmission line with a voltage of up to 500 kilovolts ("kV").

Henvey Inlet First Nation ("HIFN") has legal authority to address the environmental assessment ("EA") of activities on its Reserve lands. It has an approved Land Code that applies to HIFN Band Council decision-making on EA and the HIWEC. An EA must be completed and acceptable to HIFN Council before Council makes any decision that would allow the HIWEC to proceed to construction or operation. HIFN Council will be engaging the HIFN community directly about its decision-making on EA and the HIWEC.

The purpose of this notice is to advise you that HIW is commencing the EA of the HIWEC. HIW has information to provide to you. HIW is also interested in receiving feedback and comment from you.

Notification of Community Information Centre ("CIC") #1:

HIW is hosting a CIC on-Reserve for members of HIFN. The purpose of this event is to provide an opportunity to learn about the HIWEC and transmission line and submit feedback. The date and location of the CIC are provided below:

Date:.....February 24, 2015

Time:6:00 p.m. to 9:00 p.m.

Location:....Henvey Inlet First Nation – Fire Hall

Documents for Public Review:

The HIWEC Description Report describes all phases including construction, operations and maintenance, and decommissioning. Site plan and layout options are currently being developed by HIW and will be finalized during the EA process. A hard copy of the HIWEC Description Report will be made available for review from January 23 to March 16, 2015, at the HIFN Band Office, 295 Pickering River Road, Ontario. The HIWEC Description Report will also be available at: www.henveyinletwind.com.

Contacts and Information:

We are committed to engaging HIFN Council and Community throughout the development process. We encourage anyone who is interested in the HIWEC and associated transmission line to get in touch with us at any time with questions or concerns. If you are unable to attend this introductory CIC or would like further information or be notified of HIWEC milestones and events, please contact:

Kim Sachtleben, Project Developer *and/or*
